

BLACKSMITHS FIELD ANNUAL REPORT MAY 2026

Blacksmiths Field continues to be very popular for families, children and dog walkers.

Unfortunately the Zip Wire, which is the most popular piece of play equipment on the field, had to have repair work carried out by the Installers in December. However, movement has once again been seen where the posts are secured to the ground and we are waiting a further visit from them.

The moveable goal posts are in constant use.

In order to protect the field from any vehicles entering unlawfully two bollards have been installed.

The firework night was again a great success.

Cllr Jan Palmer
